

Dreams of Gaia Tarot: A Tarot for a New Era

The philosophy of the Dreams of Gaia Tarot is simple: to seek, to feel, to grow, to heal. This deck will strengthen your connection to your divine self, while helping you to identify and heal past experiences that hold you back from living to your fullest potential. Learn to recognise when times of growth and change are approaching, and face them with confidence and a sense of anticipation. Learn when to take action, and when to be still. Learn to trust in your intuition. By offering structure in the form of a major and minor arcana like that of past tarots, but combining them with bold new archetypes, symbology, and meanings more suited to the present, the Dreams of Gaia Tarot allows for a more personal, intimate, and effective system for using cards as a roadmap to navigate your life path. Embark on this extraordinary journey of undoing, of being, and becoming, and be inspired by the knowledge that all that manifests in your future is born of choices you make today.
