

# 131 Markets that Pay Freelance Writers 20 to 30 Cents per Word - 2015 Edition (Markets for Writers)

Can you write 5,000 words per week? If so, you have the potential to make \$4,000 to \$6,000 per month by choosing to write for magazines, websites, and other publications that pay freelance writers 20 to 30 cents per word. Now in its third year of publication, this carefully researched guide contains guidelines and contact information for 131+ markets offering this rate to freelancers. Fully updated for 2015, this edition of the e-book is more than twice as long as the 2013 version and includes 44 completely new markets that did not appear in the 2014 version. The book's convenient, interactive format will save you hours of research-time as you access essential information about each market with just the click of your mouse (or the tap of your finger). Start making contact with editors and getting paid what you deserve for your articles and other creative works today!
