

## Predictions 2016 and Beyond: The Prophets Speak

Betsey has the amazing gift of prophecy. She has proven time and time again how gifted she is, like my friend, the late famous psychic Armand Marcotte. Ann Druffel, author of best-selling book THE TUJUNGA CANYON CONTACTS

International Psychic Betsey Lewis predicted that terrorist attacks would increase through the year. She envisioned blood flowing in the streets of the world. She predicted Trump and Hillary Clinton as 2016 Presidential candidates; she predicted celebrity deaths, the murder of Justice Scalia, and extreme weather, torrential rains, floods and droughts worldwide. Sadly, these events have happened in 2016 or are now taking place.

What did the ancient prophets foresee for this time period? Some believe Apostle John described Planet X in his visions two thousand years ago and a shift of Earth's poles or a nuclear holocaust? Oddly, on January 20, 2016, the world was stunned when CalTech scientists Mike Brown and Konstantin Batygin held a press conference and claimed they had discovered a giant planet in our distant solar system, possibly the long-sought after Planet X. Prophets through the centuries have given us similar apocalyptic visions of the future (St. Hildegard, Nostradamus, Edgar Cayce, Padre Pio, Black Elk, ET contactee Billy Meier and other ET abductees), but were those visions of a distant time line or events that will transpire in the present?

The Indigenous elders worldwide say Sky Beings have told them that a great Earth cleansing is coming due to humanity's greater orientation to the material world and technology and now the prophecies are being fulfilled. Already we are witnessing the sign—the opening of the Seventh Seal described by Apostle John with mysterious booms and horn-like sounds heard worldwide, sink holes forming and giant cracks in the Earth, animals and sea creatures dying, increased earthquake and

volcanic activity and extreme weather. These are the signs we are going from the Fourth world into the Fifth world, they say.

Discover the predictions and prophecies through the centuries, and Betseys own accurate predictions since childhood. Although the prophets describe a dire future, they say Earths changes will bring about an awakening of spiritual consciousness where a beautiful Golden Age awaits us. The author believes that when we finally honor and respect all life and Mother Earth, the disastrous Earth changes predicted will not be as destructive.
