Since the publication of Hanbury School The Secondary Modern Years, quite a number of ex-pupils have come forward with their recollections and photographs that they have kept and treasured all these years. This book brings together all the material to date (2013) in a second volume. A lot more names have been added to the attendance list at the back of the book than were in the original. An account of the reunion and attendance list also towards the back was drawn from a hugely successful event, which was held on 4th April 2004.
