

Teach Public Speaking to Anyone! a Building Block Approach

A first-of-its-kind book that gives public and home-school teachers, public-speaking club members, and Human Resource Departments a stand-alone guide for teaching the public-speaking skills of the practiced speaker. Members of public-speaking groups like Toastmasters International, PowerTalk International, and formal public-speaking courses can also multiply the instructional power of their programs by using the 100-plus building-block modules during the impromptu (Table Topic) portion of their programs. The unique building block approach allows customized instruction for all ages and skill levels.
