

## The Definitive Gray

A boy was chosen in 1963 to be bonded to Anariun, an exiled angelic prince. He is not aware of what he carries within until 1978. There are forces that demand that this aberration be abolished. With help from Adams first wife, Lilith, and Bathea, a daughter of angel and human relations, a crusade to uncover the cause of a heavenly civil war is under way. This boy is forced to be more than a man by Jebix, a guardian cherub. He learns the meaning of the crystal skulls, the pyramids, aliens, mythological heroes, megalithic stones of Baalbek, and more. He discovers life after death is more than just plausible and perfection lost can once again be attainable. The keys to unlock the answers come at the cost of an angelic war.
