

A Thumb in My Back

This booklet is Reverend Hicks personal testimony of how God dealt with her for many years before she recognized that the painful push of suffering in her life was Gods Thumb of Mercy preparing her, prodding her, and thrusting her at the appointed time to follow the call of the Lord Jesus Christ, her Saviour. It chronicles her life from an orphans home to a young housewife, from her acceptance of Jesus as her personal Saviour to her surrender to the call of God to the ministry, despite all of societys pressures to the contrary. The Lord Jesus Christ opened pleasurable paths in His Word that led her into an intimate, glorious, and satisfying spiritual relationship with Him. It is a story that gives a glimpse of an unusual life of one who fully dedicated herself to the Lord Jesus Christ.
